Green Funerals and Environmentally Friendly Options

Essentials is one of a select number of funeral establishments who meet the criteria for providing green funeral services by the Green Burial Council; a tax-exempt, non-profit organization working to encourage environmental sustainability in the field of funeral service.

Our services and merchandise provide options that allows for a funeral to take place, without the use of toxic or non-biodegradable materials/chemicals. Environmentally friendly caskets and shrouds are made available to respectfully transport the deceased to their final place of rest.

Preparation of the deceased, which is suitable for a green funeral service, accommodated by Essentials, consists of (and not limited to), an appropriately cooled atmosphere within our care suite, refrigeration, and the use of topical sprays (non-chemical).

Home wakes, public visitations, church funerals and graveside services are options that may be arranged within an appropriate time frame that a green funeral allows. Please don't hesitate to ask or review our pricelist, for detailed information regarding our services and merchandise selections.

“Going green is not only a choice and a way of living, it's a beautiful legacy and a way we can care for our planet after our death.” – Krystal Riddell, Managing Funeral Director/Owner

The following are some common items that are often identified as disbursements:

Coroner's Fee

Newspaper

Municipal Death Registration

Cremation Fee

Opening/Closing of the grave/niche

Clergy/Celebrant Honorarium

Child/Infant Loss Bereavement Plan

One of the most tragic events in life is the loss of a little human being. There are times in life when it is vital to be extra sensitive to the situation at hand. When we are entrusted to help a family make arrangements for their baby, our team at Essentials Cremation and Burial Services Inc. wants to lessen the burden and difficulties in any way possible.

Coverage for conception to 12 years of age

Included Free of Charge:

- All necessary services for cremation or burial to take place.
- A basic 2-foot infant casket. Should an upgrade be desired or if a 2-foot casket is not large enough, the purchaser will be asked to pay the difference in cost.

To Be Paid by the Family:

- Additional merchandise such as an urn, portion urns, cremation jewellery, and stationery will be charged in accordance with the general price list.
- Should burial be chosen, all cemetery charges including the purchase of the plot and the opening and closing costs must be paid by the family.
- Coroner's certificate fee of \$75 if applicable.
- Any third-party disbursement must be paid by the family.

Payment Policy

At the time of signing the contract, the purchaser is responsible for making a minimum deposit of 50% of the contracted amount. The remaining balance will be due within 7 days, or before the provision of death certificates. For your convenience, we offer payment options via cash, cheque, money order, debit/credit machine. If a remaining balance goes past 30 days from the date of signing the contract, interest will be applied to an unpaid balance at the rate of 5% per month, equaling out to 30% at 6 months. Following the 6-month time frame, any outstanding accounts receivable will be sent to a debt collection agency.

Prepayment Options

You may wish to pre-purchase your services and supplies. If your pre-arranged contract is paid in full, your services and merchandise are guaranteed to you. Your money is invested in a third-party agency (e.g. Guaranteed Funeral Deposits), and the funds will be held in **Trust**. The interest accrued on the principal amount will be used to pay for the cost of services and supplies at the time of the recipient's death. Should there not be enough interest earned to cover the costs of the price inflation, Essentials Cremation and Burial Services Inc. will assume the cost difference on the prepaid items. If there are any excess funds left over after services and supplies are paid out, it will be refunded to the estate and a T-5 will be issued.

Should you wish to cancel your contract (in writing), within 30 days of entering into the agreement, you may do so without penalty. Should you wish to cancel the contract (in writing) after 30 days, there will be an administration fee in the amount of 10% of the prepayment funds, up to a maximum of \$350.00. Methods of prepayments may include: cash, cheque or money order (paid to *Guaranteed Funeral Deposits*). If you wish to make monthly payments, please provide a voided cheque and we will set up a payment plan.
